

Busungu Community Center

BusunguCommunity.org

At the Bcc, our goals are to remain a local, transparent, and sustainable organization, while educating both the regional community and those from abroad. Together, we can exchange our skills and ideas to impact both ourselves and future generations. Please checkout our website!

IG: BusunguCommunity

Volunteers Welcome!

Do You Have the Skills?

Because we have the opportunity! We're looking for dedicated volunteers who can stay for 3-6 month terms. In terms of volunteers, we're looking for a wide array of talent, from those with educational backgrounds to those in engineering and construction. All that's necessary is a dedication for the community!

Like to Have Fun?

Good, we do too! From beach day activities to sports day recreation, we offer volunteers the opportunity to implement the suggestions and ideas they think could benefit our children. Granting kids the chance to explore, both in and outside the classroom, is essential to their development.

So What You Waiting For?

Please send all inquiries info@busungucommunity.org. We will provide further details and answer your questions. All monetary contributions from volunteers—whether for housing or otherwise—goes 100% into our project. We operate as an organization with ZERO administrative fees. We stand by our commitment to remain an organization that is run:

For the Community, By the Community!
